Information from the State Board Meeting on June 21, 2025

Currently the State Lodge is selling a civilian pro law enforcement "Back the Badge" vehicle registration. The fee is \$40 for the plate which is paid to the South Carolina State Lodge.

State Lodge is also selling a newly designed challenge coin. Its in the shape of the number 6 and states "The FOP has your six." The lodge purchased \$500 worth and selling them for \$20 a coin with a potential profit to our lodge of \$700. Currently President Canterbury estimates to have already sold \$250 worth.

At the upcoming National Conference Delegates will be voting on the location of the 2029 conference with Nashville, TN; Detroit, MI; and Houston, TX being the three host cities competing.

Presently the South Carolina State House is in recess. Prior they have passed the Halo Law requiring a 25' buffer from someone recording a LEO in the performance of their duties. Several other pieces of legislation that are to be considered....working on K9 laws to strength the penalties for police dogs killed in line of duty, Hands Free Act requiring all hands to be free from cellular devices while operating a vehicle, LE Privacy Act to remove LEO's personal information from the internet,

Nancy Mace attended the State Board meeting and the assumption being she is intending on running for the Office of South Carolina Governor.

There will be a state mini conference held in September of this year as required by the State Bi-Laws, with a point of emphasis to make a change to the Bi-Laws to do away with the required mini conference. Also there is a change proposed to make the National Trustee voted on at the state conference rather than at the national conference. This coming year the National Trustee will be voted on like normal at the national conference but rather than a two year term this will be a one year term with the next election to be at the 2026 State Conference and the term will resume for two years. Also there is going to be a change from the number of delegates at the State Conference from 1 delegate to every 25 members to follow the national to allow for 1 delegate for every 50 members.

At the January 2026 State Board meeting there will be taking presentations for the State Conference host site.

The State is conducting a new raffle. The one last year where the tickets were \$50 failed horribly and the money ultimately was refunded. This year tickets are going to be \$5 with \$2.50 going to the winner, \$1.50 going to the local lodge, and \$1.00 of each ticket going back to the State Lodge

A new state law was passed that made Keno style bingo legal in the state for Veteran's Groups. The FOP lobbyist are working to make that applicable for law enforcement as well.

Brother Tolman will be unable to attend the National Conference as originally planned due to an upcoming medical procedure. Brother Canterbury nominated Brother Jerry Wright to take his place with that the State will reimburse the travel expenses of Brother Wright due to him being nominated for the Jack Dudack Member of the Year award.

Brother Frees made a motion to replace Brother Tolman with Brother Wright, Brother Wells seconded the motion, no discussion, motion passes.

Good of the Order:

Brother President Canterbury introduced Brother President Graham Nicholson the Vice President of Connecticut Lodge #25 in New Britton, CT

Sister VAnderson requested a more detailed Treasurer's report, since we haven't had one since February 2025. Would like to know every expenditure for each month.
